

Sector Trainings

Learn about exciting opportunities in Construction, Tech, Healthcare and Manufacturing

Career Coaches, WorkSource Center Staff, and Aligned Partner Network and NextGen Partners:

Come and hear from businesses directly what they want to see in future employees, learn what resources are available in the community, and hear from past and current program participants about their pathway into our target sectors. Space is limited and will fill up fast! These trainings are specifically focused on: Current needs and demands within the target industries; current and future training opportunities; labor data around each target sector and building relationships with industry champions. If you are interested in attending, please let your Center Manager know and register immediately to reserve your spot.
